Dear Mr O'Sullivan

Re: Emissions, Reductions & Targets – A Condition of Loans to Farmers

On behalf of a proud and strong agricultural industry in Queensland and our members, I seek an urgent meeting with you on the above matter.

ANZ's protestations laid out in The Australian and elsewhere on 29 October 2020 have horrified and angered an industry which cares so incredibly strongly for environment and landscapes.

We would welcome the chance to tell our story directly to you and seek a reset that can not only support better environmental outcomes, but better social, biodiversity and economic outcomes for our regions, communities, industry and landscapes.

Yours sincerely

Georgie Somerset
General President
